

The easy way to move

At Yamaha we've used our unrivalled technical expertise in Golf Car design to build the latest generation of local transport vehicles that cater for a wide variety of business and private users.

Equipped with a luxurious 4-seat interior that offers class-leading levels of comfort, security and convenience, the electric Concierge is the clean, quiet and economical way to move people quickly, safely and efficiently.

With a 31km/h (20mph) top speed, its responsive 5kW electric motor gives plenty of performance, and with a tough wipe-clean thermoplastic body and low maintenance requirements, the Concierge makes everyone's life easier!

- Luxurious 4-seat electric transportation
- Silent-running zero-emission electric motor
- Widest bench seats in the class
- Sculpted seats with generous legroom
- Industry leading 5kW/6.7HP power output
- Tru-Trak II™ independent front strut suspension
- Headlights and tail lights
- Comfortable, safe and convenient guest transport

Concierge-E 4 Passenger

Tru-Trak II™ independent front strut suspension

For a smooth, comfortable and luxurious ride, the Concierge is equipped with Yamaha's leading Tru-Trak II™ independent automotive style front strut suspension - while at the rear there's a unit swing arm with coil springs and hydraulic shock absorbers.

Light and strong HybriCore™ chassis

The Concierge's HybriCore™ chassis has been constructed using the latest technology, and features a welded automotive ladder-style steel frame that is fitted with a tough and lightweight polypropylene floor, giving a light and strong structure.

Headlights and tail lights

Fitted with headlights and tail lights as standard equipment, this 'A' list people mover is designed to operate day and night, indoors and outside, making it one of the most versatile and convenient ways to transport guests, members or clients from A to B.

High efficiency 48V AC electric motor

The Concierge's high-efficiency electric motor is one of the most sophisticated and powerful designs in its class, and delivers 5 kW/6.7HP through the rear wheels to give a smooth and virtually silent ride - with the added advantage of zero emissions making it suitable in any situation.

Stylish bodywork with underseat storage

Featuring a tough thermoplastic bodyshell that's finished in a high-gloss polyurethane coating, the Concierge's unrivalled quality stands out. There's plenty of underseat storage space for carrying personal items, and the lightweight roof gives protection from the sun and rain.

Widest bench seats in the class

The Concierge is designed to please the most demanding passenger, and is equipped with the widest bench seats in the class. And with generous legroom and outer armrests, this is the only way to arrive!

Power supply/Drive train	
Output rating	5.0 kW
Motor	48 Volt high-efficiency
Transaxle	Mechanical, 2 rear wheel
Batteries	Six 8-volt Trojan T875 Batteries

Dimensions	
Overall length	3,250 mm
Overall width	1,200 mm
Overall height (sun top)	1,910 mm
Overall height (no sun top)	1,222mm
Wheel base	2,492 mm
Front wheel tread	870 mm
Rear wheel tread	980 mm
Minimum ground clearance	148 mm
Floor board height	342mm

Chassis	
Frame	Automotive style HybriCore™ Chassis, polyester/urethane powder topcoat
Body	Thermoplastic olefin, 2-part top coat of automotive-grade polyurethane
Steering	Lubricated steering with sealed bearings and greaseless tie-rod ends
