

When people are your business

At Yamaha we're famous for designing some of the world's most advanced motorcycles, scooters, outboards and ATV's. And our in-depth technical knowledge has enabled us to produce industry-leading transportation vehicles like the Concierge.

Everything about this luxurious 6-seat transport vehicle is designed to ensure that your customers can enjoy a smooth, convenient and safe journey, right from the pick up point through to the drop off.

The 5kW/6.7HP electric motor powers your guests silently at up to 31km/h (20 mph) to their destination - while the wide sculpted seats with extra long legroom ensure first class comfort on every journey.

- Luxurious 6-seat electric transportation
- Silent-running zero-emission 48V DC electric motor
- Wide, sculpted seats with generous legroom
- Suitable for indoor and outdoor use, day and night
- Industry leading 5kW/6.7HP power output
- Tru-Trak II™ independent front strut suspension
- Headlights and tail lights for 24 hour operation
- ClimaGuard top for year-round weather protection
- Convenient underseat storage
- Light and strong HybriCore™ chassis
- Easy to maintain in-line battery layout
- Exclusive Yamaha Genius diagnostics

Concierge-E 6 Passenger

Headlights and tail lights

Fitted with headlights and tail lights as standard equipment, this 'A' list people mover is designed to operate day and night, indoors and outside, making it one of the most versatile and convenient ways to transport guests, members or clients from A to B.

Comfortable, safe and convenient

Whether you need to transport guests at a hotel, resort or airport - or even carry VIP guests to a glitzy event, the Concierge is built to impress. With its easy-access interior and luxurious seating, this silent running vehicle gives everybody the red carpet treatment.

HybriCore™ chassis

The Concierge's HybriCore™ chassis has been constructed using the latest technology, and features a welded automotive ladder-style steel frame that is fitted with a tough and lightweight polypropylene floor, giving a light and strong structure.

Tru-Trak II™ independent front strut suspension

For a smooth, comfortable and luxurious ride, the Concierge is equipped with Yamaha's leading Tru-Trak II™ independent automotive style front strut suspension - while at the rear there's a unit swing arm with coil springs and hydraulic shock absorbers.

Easy diagnostics and programming

For quick and easy diagnostics and programming, the Concierge is equipped with Yamaha's leading Genius system that communicates with the motor control unit, and is compatible with any Windows computer and laptop.

High efficiency 48V AC electric motor

The Concierge's high-efficiency electric motor is one of the most sophisticated and powerful designs in its class, and delivers 5 kW/6.7HP through the rear wheels to give a smooth and virtually silent ride - with the added advantage of zero emissions making it suitable in any situation.

Power supply/Drive train	
Output rating	5.0 kW
Motor	48 Volt high-efficiency
Transaxle	Mechanical, 2 rear wheel
Batteries	Six 8-volt Trojan T875 Batteries

Dimensions	
Overall length	4,100 mm
Overall width	1,200 mm
Overall height (sun top)	1,910 mm
Overall height (no sun top)	1,222mm
Wheel base	3,337 mm
Front wheel tread	870 mm
Rear wheel tread	980 mm
Minimum ground clearance	148 mm
Floor board height	342mm

Chassis	
Frame	Automotive style HybriCore™ Chassis, polyester/urethane powder topcoat
Body	Thermoplastic olefin, 2-part top coat of automotive-grade polyurethane
Steering	Lubricated steering with sealed bearings and greaseless tie-rod ends
