

Free your spirit

Feel at one with the waves. The JetBlaster® has been built with excitement at its core. Racy looks, nimble handling with RiDE® control technology and strong power-to-weight performance make it the perfect partner for serious fun.

Excellence in engineering and great build quality define every Yamaha WaveRunner and the JetBlaster® is no exception. From the advanced materials like the NanoXcel2 hull to the award-winning engine, you've got a machine made for adventure.

The JetBlaster® has a range of features that make it ideal for freestyle riding. From stabilising foot chocks to an ergonomic handlebar and round grip handle, it's designed to help you do more, more easily, even for less experienced riders.

- Foot chokes support advanced moves
- Electric trim for on the go adjustment
- NanoXcel2 hull & body - super-strong & super-light
- Wide, curved handle bar for unique riding style
- Round grip provides greater connected feeling
- Small, compact switch box

Free your spirit

The JetBlaster is pure fun personified. With sleek black and green colouring with graffiti style graphics, a top quality engine and a great power to weight ratio, adrenaline seekers are guaranteed exciting agility and user-friendly handling to quickly conquer the waves.

Our new JetBlaster® is ready for fun and exciting riding, with foot chocks enabling near-instant mastery of tricks, flicks and stunts; a handlebar that's purpose-built for slick moves, and new, enhanced electric trim for easy control and instant gratification.

We have crafted the JetBlaster's high quality hull and deck from NanoXcel2®, making it both strong and lightweight. Fuse this with a TR-1® High Output engine and power to weight ratio, and you get some serious thrill-seeking potential.

A modern classic

Own a modern twist on a classic, with heritage Yamaha styling and characteristics. The JetBlaster features retro graffiti style graphics, advanced engineering and uncompromising build quality. It looks every bit as good as it feels to ride.

TR-1® High Output – 1,049cc, 3 cylinder engine

The JetBlaster® is powered by our innovative 3-cylinder engine, the 1049cc High Output TR-1. This remarkably compact and lightweight unit packs a real punch and offers lively acceleration and great top-end power, plus economy and reliability. A great power to weight ratio means you get thrilling speed and agile handling.

Lightweight hull and body for top performance

Made possible by Yamaha's unique materials technology, NanoXcel2® is an impressive 18% lighter than our revolutionary NanoXcel® – yet just as rigid and strong. It maximises the exciting performance of both the new JetBlaster, helping it deliver its superb acceleration and even sharper cornering.

Custom designed handlebar and chocks

The JetBlaster's handlebars have been designed with a smooth curved shape, providing intuitive support for a unique riding style. Foot chocks allow you to easily adjust your weight, opening up a more playful freestyle ride.

Performance-inspired electric trim

Adjust the height of the bow on the go. Raise the bow to reduce water spray and nose-diving, then dip down low for more grip in the corners. A smoother, more skilful ride is just a touch away.

Storage as standard

Take everything with you, as standard. The JetBlaster offers wet storage in the bow for tow lines beach games and more. Underseat storage provides a spacious and handy location for all your adventure essentials. Finally, the glove box provides easy access to your shades, snacks and other bits you need to have to hand.

Engine
