

Unrivalled comfort, stability, and design

The Yamaha Air Series inflatables are expertly crafted to offer outstanding stability and comfort. Thanks to the precision-engineered inflatable hulls and reinforced air decks, these boats provide excellent maneuverability and a smooth ride, even in challenging conditions. Their lightweight design ensures easy transport and storage without compromising durability.

This range includes models like the YAM 240Air, YAM 275Air, and the advanced YAM 310Air-V. Each boat offers superior handling and stability, making them ideal for family outings, fishing trips, or as a tender. The new YAM 350Air-V includes the enhanced V-hull shape first introduced on the YAM 310Air-V, further improving ride quality and control.

Yamaha's focus on reliability and innovation ensures that the Air Series inflatables deliver a long-lasting, low-maintenance boating solution. Backed by Yamaha's experience, these boats are built to meet the demands of every boating enthusiast.

- Lightweight construction
- Reinforced air deck
- Built-in pressure gauge
- Air baffle system
- Compact storage
- Exclusive V-hull on V models
- Premium PVC build
- Low maintenance design
- Enhanced rubbing strakes
- Anchor holder
- Improved drain plug

Unrivalled comfort, stability, and design

The Yamaha Air Series inflatables are expertly crafted to offer outstanding stability and comfort. Thanks to the precision engineered inflatable hulls and reinforced air decks, these boats provide excellent maneuverability and a smooth ride, even in choppy conditions. Their lightweight design ensures easy transport and storage without compromising durability.

Each boat offers superior handling and stability, making them ideal for family outings, fishing trips, or as a tender. The new YAM 350Air-V includes enhanced V-hull shape first introduced on the YAM 310Air-V, further improving ride quality and control.

Yamaha's focus on reliability and innovation ensures that the Air Series inflatables deliver a long-lasting, low-maintenance boating solution. Backed by Yamaha's experience, these boats are built to meet the demands of every boating enthusiast.

Reinforced air deck

Lightweight yet durable air decks provide a sturdy and comfortable platform for a variety of activities.

Lightweight and portable

Designed for easy transport, Yamaha's Air Series inflatables are compact and quick to set up, ensuring maximum convenience.

Inflatable V-hull (V models only)

Advanced V-hull design enhances manoeuvrability, stability, and control for smoother rides in challenging waters.

Retractable paddles

Innovative retractable paddles offer easy storage and quick accessibility, making them perfect for on-the-go use.

Durable PVC build

Constructed with premium-quality PVC materials for excellent durability and resistance to wear.

Optimised transport and storage

Quick deflation and compact packing make storage and transport effortless, ideal for tight spaces.

Inflatable specifications

Overall length	3.10 m
Beam	1.56 m
Max. Persons	4
Max Engine Power	7.4 kW / 10 hp
Floor material/type	V-inflatable
No of air chambers	5
Stowed Dimensions	113 x 65 x 35 cm
Hull weight	31.46 kg
Max load capacity	620 kg
Max Tube Diameter	43.5 cm
Shaft Length	Short

Product Selector Properties

Type of boat / segment	Inflatables
