

Designed for performance, built for adventure

Yamaha's Sport Series features expertly designed V-hulls that deliver outstanding control, stability, and efficiency. Whether gliding over calm waters or tackling waves, the V-hull ensures a smooth, confident, and enjoyable ride in all conditions.

Built to integrate seamlessly with Yamaha outboards, the reinforced transom offers unmatched durability and support. It ensures reliable propulsion, providing a solid and dependable platform for power and performance.

Yamaha's Sport Series inflatables are equipped with secure grab-handles, reinforced D-rings, and robust seat patches, prioritising safety and comfort on every journey. These features guarantee a secure experience, letting you focus on enjoying the water.

- V-hull design
- Reinforced transom
- Quality PVC build
- Suite of safety features
- Compact storage
- Spacious layout
- Enhanced rubbing strakes
- Anchor holder
- Improved drain plug
- Retractable paddles

Designed for performance, built for adventure

Yamaha's Sport Series models come equipped with precision-engineered V-hulls that deliver superior stability, control, and performance. Whether cutting through waves or navigating calm waters, the V-hull ensures a smooth and confident ride.

The reinforced transom allows for seamless compatibility with Yamaha outboards, ensuring reliable power and performance for every trip. Designed for strength, it provides a solid foundation for enhanced durability and efficiency.

With strong grab-handles, secure D-rings, and premium seat patches, the Sport Series prioritises safety without compromising comfort. These features ensure peace of mind while on the water, no matter the conditions.

Enhanced rubbing strakes

Enhanced durability and protection against wear, ensuring a longer lifespan for your tender, even in rugged conditions.

Dedicated anchor holder

A secure and convenient anchor holder allows for easy storage and deployment of your anchor, keeping it safely in place while providing added convenience during mooring or anchoring.

Improved drain plug

A redesigned drain plug simplifies water removal, ensuring quick and efficient drainage for added convenience.

Retractable paddles

Innovative retractable paddles offer easy storage and quick accessibility, making them perfect for on-the-go use.

Unrivalled build quality

Premium, abrasion-resistant PVC construction ensures long-lasting durability and resistance to saltwater and sunlight.

V-hull design

The V-hull enhances stability and manoeuvrability, providing superior handling and a smoother ride across various conditions.

Inflatable specifications

Overall length	3.80 m
Beam	1.70 m
Max. Persons	6
Max Engine Power	18.4 kW / 25 hp
Floor material/type	Aluminium
No of air chambers	4
Stowed Dimensions	127 x 80 x 38 cm
Hull weight	71.75 kg
Max load capacity	820 kg
Max Tube Diameter	43.5 cm
Shaft Length	Short
